Friend of BIASD,

Please accept this letter as your personal invitation to the **Brain Injury Association Sudbury & District's 2011 Annual Charity Golf Challenge** to be held at **Lively Golf & Country Club** on **Thursday, July 14, 2011.**

Tournament proceeds will go to support the **Brain Injury Association Sudbury & District**, a local charitable organization that enhances the quality of life for survivors of Acquired Brain Injury (ABI).

This year's tournament promises to be a great day of relaxation and fun. We have already had a strong response, and registration for this event is underway.

Attached you will find a registration form to complete and return to us. Please reserve early to ensure your spot in this fun-filled day. Spots are limited (144) so reserve your spot by paying in full.

Our tournament can only be a success with the support of individuals like you. We have also attached an outline of the sponsorship opportunities available and the benefits in profiling your company, as well as the cost and look forward to hearing from you.

We would like to take this opportunity to thank you for your support. Without you, the annual golf tournament would not be a success, and the **Brain Injury Association Sudbury & District** would not be able to provide the ongoing programs and services to the ABI Survivors here in the Sudbury community.

We look forward to seeing you at Lively Golf & Country Club!

If you are interested in sponsoring this year's event or have any questions, please contact us at your convenience.

Yours truly,

Rebecca Thibodeau-Perry
